

VIRTUAL PUBLIC MEETING

San Diego River Park Funding Feasibility Analysis

5:30 p.m., Monday, May 23

Join us online, Monday, May 23 at 5:30 p.m. for a second virtual public meeting to discuss a study on funding prospects for the San Diego River Park Project. This long-term, multi-jurisdictional planning effort is geared toward identifying resources to fund projects along the San Diego watershed.

During this meeting, staff and consultants will share project updates, an overview of the exploratory study, and a high-level analysis of different funding mechanisms. A question-and-answer period will follow the formal presentation.

We appreciate your feedback and look forward to hearing from you as we conduct this study.

A link to the meeting will be available at: sdparks.org > [Plans](#) > [Public Meetings](#)
