

Borrego Springs Shadeway

Coming soon to the Borrego Springs Community! The Department of Parks and Recreation (DPR) is partnering with the Department of Public Works to design and construct a shadeway that will connect Christmas Circle to Borrego Springs Park along Sunset Road. This shadeway will provide a shaded walking experience between the two local hubs and will also function as an art walk thanks to collaboration with the Borrego Art Institute. Construction of this project is anticipated to begin in fall of 2023.

-Shade Structures:

Patterns and colors selected with input from the Borrego Art Institute to match the existing architecture, park features, and desert landscape. The structures will be powder-coated steel to match the existing equipment at the nearby Borrego Springs Park.
