ABOUT THE PROGRAM: Within the County of San Diego's Sustainability initiative is the goal to preserve, protect, maintain and cultivate natural environments where residents, visitors and future generations can spend quality time outside. One of the tactics to support this initiative is the launch of a First Time Camping Program - part of Experience the Outdoors, an initiative that seeks to accommodate, educate and inspire park visitors. We recognize there are some San Diegans who don't camp, but by inviting people to our sites and providing all the necessary equipment and instruction, we hope to overcome barriers to visitation, like lack of awareness and financial hardship.
